Victim of Vandalism Awaits Police, Then Solves Case Himself

After watching Pottstown police come up with no results for three weeks in a row, an area man went out and solved a case of vandalism for himself.

The man said that police gave him "the old runaround for three weeks."

"I decided to do something myself," he said.

After one day of sleuthing he came up with the evidence he said he needed. He then laid it out before police.

The evidence was he claimed that the young son of a Pottstown policeman had splattered his windshield with a marble and a slug shot.

The youth, he also claimed, was supposed to have blasted windshields and windows in other cars in Pottstown.

REFUSED the police asked for one day to see what could be done about it.

The next day they warned him about doing private detective work but gave him an envelope containing a \$10 bill.

The man said it would cost him \$15 to have the windshield fixed but police said they had arranged it so that he could have it fixed for \$10.

But police wouldn't tell him whether they had apprehended the boy. If reports were made out of the case they were kept secret.

Even from Burgess William A. Griffith.

BURGESS GRIFFITH said late last night that he had heard nothing about the case. He knew nothing about the case.

FIRM BARS MEN FROM SELLING ITS GOODS HERE

Pottstown Asked to Send Silverware Salesmen Back to City

The manager of the firm whose door to door salesmen stirred the anger of Pottstown jewelers and some housewives last week, apparently has put the borough "off limits" for his salesmen at least for the time being.

This was indicated yesterday at noon, when the manager of the firm located in Philadelphia telephoned Borough Secretary William Snuffer and told him that if any salesmen appeared at borough hall Snuffer was to tell them to go back to Philadelphia.

Earlier, the manager had told Snuffer that his men would seek borough solicitors' licenses. When they were selling their silverware the past week, they did not have such licenses.

When two salesmen did appear at borough hall later yesterday afternoon, to apply for veterans' licenses, which are free, Snuffer gave them the manager's message. They left town promptly.

HOUSEWIVES' complaints had put police on the salesmen's trail. Frivolous, but the police could not find man who pleaded guilty last night. The borough secretary's check had shown the salesmen were unlicensed.

The men were taking orders for 47 piece sets of silver service for \$39.95. Tied in with these sales, were the offer of free dishes and talk of collecting soap wrappers along with the payment on the silver.

A Pottstown jeweler said the \$39.95 silver was over priced greatly in comparison with local retail prices.

The manager of the Philadelphia distributing firm pleaded ignorance of the fact that his men were working Pottstown and that they were using soap wrappers with their sales approach.

IN 1949, 1950 and 1951, his firm's men took out borough licenses, the manager told Snuffer, adding that he personally would see to it that his men got licenses for this year.

Two slates of candidates were nominated yesterday as more than 1000 voters cast in the annual Junior High school boys' week primaries the past Friday were counted.

Chosen as opponents for the post of boroughs were Edmond Sorensen of the Federalists party and Robert March of the Unionists.

Robert Weiser of the Unionists will be unopposed for the borough manager's post since the Federalists pulled a political horse and failed to take out nomination papers in time.

Walter E. McQuinn, junior high school teacher in charge of the Optimist club sponsored event said the general elections would be held on April 7.

BOYS' WEEK proper will run from April 7 to May 2. The candidates at the two parties will campaign until the evening of the public address system at the school or speeches and rallies.

March Winds Whip TV Aerial Off Roof

Lots of Spring breezes all ganged up yesterday for a whipping wind to help March keep its reputation.

Windswept clouds chased each other across the occasionally sunny skies while windblown pedestrians chased hats across High Street.

For Harry Emery it was an ill wind — the 200 pound TV aerial atop his apartment building at 204 Chestnut street blew over and crashed 40 feet into the Leventwood dairy driveway.

Emery estimated the steel aerial is 30 feet long and it took its 9 a.m. dive just in time to miss a truck. It landed close to a door where farmers unload. Part of it hit an artesian well.

BESIDES TOPPLING his aerial the wind kept Emery from working on his building's new roof yesterday. "Too dangerous," he explained.

Fliers found the zephyrs more to their liking and one private aviator at least was proudly.

Jump in Real Estate Tax Likely If State Okays Economy Budget

By FRED C. SELBY (Mercury Staff Writer)

Pottstown school district would receive approximately \$125,000 less from the State next year than it has been supposed to get—if a sweeping State economy program proposed by Republican legislative leaders goes into effect.

The economy proposal was made over the weekend in Harrisburg by 19 leading members of the State House and Senate. It is aimed at trimming school expenditures by \$88,000,000 to help balance Governor Line's budget of \$1,400,000,000.

To raise such an amount the school district would have to increase its real estate tax from 27 mills to the legal ceiling of 30 mills, raising an extra \$51,000, and then have to find some way of raising the balance.

With per capita and occupational taxes of the school district already at the legal ceiling, the only obvious means of getting the extra money would be to increase the real estate assessments.

In discussing these possibilities yesterday, a Pottstown school official pointed out that the legislators' economy program, which is the talking stage and might be amended drastically before it went into effect.

HEART OF the legislators' proposal is the plan to slash \$88,000,000 from the amount the State would pay school districts, leaving the districts to raise their share of the sum by increased taxation.

If such a drastic step should go into effect it would change a moderately rosy outlook for the Pottstown school district next year to a bleak one.

Because of changes in the complicated formula under which State aid is figured, Pottstown school district was scheduled to get approximately \$67,000 more from the State next year than it is getting this year.

Under the legislators' economy program the local district, not only would not get this extra \$67,000, but would receive about \$38,000 less than it is getting this year.

AS THINGS stand for next year—barring the economy proposal—the Pottstown district would get in the neighborhood of \$335,000.

Here are the two major ways in which the legislators' proposal would slash this sum by \$125,000.

1. Suspending payment of State subsidies to local school districts.

TOWN MAY LOSE REVENUE FROM FEES ON LIQUOR

State Seeks to Retain License Fund; Tax Hike Possible

If the State retains all liquor license fees in a proposed \$137-million economy plan the borough of Pottstown may have to increase its tax rate by more than a half of one mill.

The borough has only two sources of revenue from the Commonwealth. One of them is the liquor license fees, the other the gasoline tax.

From the liquor license fees, the borough receives more than \$10,000 annually. In its last payment the borough received \$10,875. This last payment was made the past March 7, according to borough secretary William Shaeffer.

"We'd miss that money very badly," Shaeffer said yesterday.

SINCE in Pottstown one mill of taxes is equal to about \$18,000, the loss of the \$10,875 annually would mean an increase of taxes of more than half a mill.

From its source of revenue, the gasoline tax, the borough receives about \$18,000 annually, Shaeffer said.

The proposal that the State keep the liquor license fees rather than turn them over to the communities as it has been doing is one of several proposals being studied by the State legislature in a move to balance Gov. John S. Fine's \$1,400,000,000 budget without imposing new taxes.

Besides a saving of \$88,000,000 proposed by slashing State educational obligations to local school districts, the economy plan would call for the State to:

1. Retain all liquor license fees to save \$3,700,000 annually.

2. Reduce payments to State-aided hospitals, saving \$1,000,000 a year.

3. Make routine a sum of the Limerick company, which handles the area's fire insurance costs, to save \$7,000,000 annually.

Plane Parts Burned When Truck Catches Fire Near Limerick

A half-ton truck carrying engine parts caught fire and burned completely yesterday afternoon two miles north of Limerick.

The truck, driven by Albert B. Egan of Philadelphia, was on its way to the E. G. B. Co. in Limerick, Pa., to deliver engine parts.

According to Limerick Fire Chief Gordon Miller, the driver said the fire started in the rear of the truck.

The engine parts were packed in cardboard boxes. The cause of the fire was unknown.

MILLER SAID the driver did not know how much he lost, but that damage could be estimated. The truck was a total loss.

Both Limerick and Schuylkill Fire companies answered the call. The Limerick company, led by Chief Miller, was the first to arrive.

The fire was a grass fire and was quickly controlled. The driver, Egan, was not injured.

Thinking it was the one reported, Egan said he was on his way to the fire when he saw the truck.

But before they could play a hose on it, a resident told them of the burning truck further on.

Residents May Get Pressure Trouble

Residents in the Johnson area from Beech street to Eighth street may have trouble getting water from their kitchen faucets this morning.

But it will only be temporary. Borough Manager Horace R. Gulden said yesterday that his men along Johnson street would flush to clean out the water mains.

The work, which will start at 9 a.m., should be completed by about noon, he said. In some cases residents will have low pressure and in other cases there may be no water at all for minutes at a time.

But the whole operation should be over by noon and water should be clearer as a result of it.

Fire Report Wins Newstip Prize

A neat crisis for Pottstown area residents and an amusing one for a little child were the result of a fire that broke out yesterday in the Mercersville newsstand.

First prize of \$5 was won by Eugene Astheimer, 306 North Cedar street, who tried prize \$2 with a fast pen on the call for a grocery truck and car.

Whether the news is on a little bit of a happening north of the city or an amusing one, it was a part of a syndicated story all part of the Pottstown area scene and it is worth extra cash to our readers. It is called "The Mercersville Newsstand."

Fire Fighting School Opens for Volunteers

Pottstown's volunteer firemen are going back to school — no, not to the Three R's but to the "Three F's" — Fundamentals of Fire Fighting.

First of the 18 sessions will be held last night in the Good Will fire house with twenty-five men from our four Pottstown companies and Sanitoga attending.

Instructor is Russell P. Mangel Reading, foreman of the Riverside Fire company who attended the instructors' course at the Pennsylvania State Fire school in Lewisburg.

Mangel taught the same course here in 1949.

SESSIONS WILL BE HELD three hours a night two nights a week and will travel from fire house to fire house for classroom space.

Any active company member may enroll in the fire school and a State certificate will be awarded those who complete the course.

Easter'll Be Sweet, Sales of Confectioners' Sugar Shows

By NORMAN REED (Mercury Staff Writer)

Easter will be the sweetest season of the year in Pottstown judging by the amount of sugar going into the production of home-made Easter eggs.

We're selling more 4X sugar than we did last year, Mrs. Carl A. Peirce, who with her husband operates a grocery store at 334 Cherry street reported.

We're getting rid of at least 48 pounds a week," she said. "Of course we sell a lot of sugar the year around in this neighborhood because many of the housewives do their own baking."

Leonard Leventwood, who has a grocery at 232 Berks street, Snow was the man who found his supply sold out yesterday.

"One 48 pound case a week is normal for our store," he explained. "Lately we've sold two or three times that much."

"No, we don't have many calls from organizations," Leventwood added.

Red Premier Proposes to End War With Compromise On Issue of POWs

TOKYO, Tuesday, March 31 (U) — Red China's Premier last night proposed that the 35-month-old Korean war be ended by a compromise of the thorny prisoner of war issue. The proposal was made over Peiping radio.

The State department in Washington and the United Nations command immediately said, in effect, to put it down on paper.

The heart of the broadcast by the Red Premier Chou En-lai was his proposal that a "neutral state" take over all those prisoners not willing to go home and let the countries concerned talk it over with them. But he did not make clear if these prisoners would have the final choice.

Gen. Mark Clark, United Nations Far Eastern commander, said today Chou's plan would get "immediate and careful consideration" by his headquarters "when and if the proposal outlined in the broadcast is received officially from the Communist armistice delegation at Panmunjom."

Phew! Let's Pity the Poor Postman—He May Have to Carry a Load of This

By MAX FULLERTON

RICHWOOD, W. Va., March 30 (U)—Suppose the mailman comes to the house with a package which smells like an acre of distilled onions?

Well, you asked for it. There is a movement on foot around these parts to mail ramps to qualified ramp-whiffers the country over.

What is a ramp? Well, it is a leeklike "wild" vegetable indigenous to the hills and holders of Central West Virginia. Only the strong dare approach it except to the windward.

The ramp's scientific name is Allium Tricoccum, but don't let that throw you. The ramp will do that itself.

FOR GENERATIONS uncouated, the elect have gathered in the Spring to eat of the toothsome ramp. Then they have had to stay away from home for at least three days. One inescapable fact is that the ramp flavor exudes from the pores of the eater for 72 hours afterward.

As the mountain gourmeis put it, "garlic is a sissy compared to the ramp."

The Richwood Lions club is the sponsor of the ramps-by-mail movement. The members are strongly of the opinion the populace at large is missing something.

PRESIDENT EDWARD JUDY says the Lions aren't in business for money. They just feel that Allium Tricoccum isn't getting its share of attention outside its habitat.

"We've got some orders already," Judy reported, "mostly from near Richwood but we expect more. The weather has been bad but we are going out in the woods tomorrow to dig enough ramps for everybody."

"Ramps are at their level best right now."

The Lions asked the postmaster whether they could go ahead. Postmaster Wheeler Green looked in the book and said there wasn't any rule which would prohibit mailing ramps.

What other people will say depends on the first mailing.

There won't be any special packaging. Judy and his friends admit there is no known method of holding that smell inside anything.

UNIVERSITIES WANT REDS OFF COLLEGE STAFFS

Association Statement Asks School Jurisdiction In Dismissals

PRINCETON, N. J., March 30 (U) — The Association of American Universities today said flatly that Communists — by the nature of their belief—are disqualified for university positions.

In a ten-page policy statement drafted by five university presidents, the AAU asserted that unless a faculty member violates a law, his "discipline or discharge is a university responsibility and should not be assumed by political authority."

"Discipline on the basis of irresponsible accusations or suspicion can never be condoned," the statement said. Universities are bound to deprecate special loyalty tests which are applied to their faculties but to which others are not subjected.

The Association of American Universities is made up of 37 colleges and universities. The committee was appointed by President Harold W. Dodds of Princeton University. The group was headed by Dr. A. Whitney Griswold, president of Yale University. The statement was adopted by association members Tuesday, March 24.

Senate Okays Ike's Program to Create New Cabinet Post

WASHINGTON, March 30 (U) — The Senate today approved President Eisenhower's plan to create a new Cabinet-rank Department of Health, Education and Welfare.

The Senate action, by voice vote, completed congressional approval of the President's reorganization plan. The House had already approved it, 291 to 85.

Only a half dozen Senators were on the floor when the chamber voted. There was no opposition.

Mrs. Oveta Culp Hobby, Texas Democrat and World War II commander of the Women's Army corps, has already been named to head the new department. She will become the 10th member of the President's cabinet. At present, Mrs. Hobby is head of the Federal Security Administration.

Stassen Accuses McCarthy of Undermining Foreign Policy

WASHINGTON, March 30 (U) — Mutual Security Director Harold E. Stassen today angrily accused Senator McCarthy (R-Wis.) of interfering with the nation's foreign policy by negotiating an agreement with Greek ship owners to halt trade with Red China and North Korea.

Far from being abashed, McCarthy retorted that he is going ahead with plans to sign a new agreement—this time with some British ship owners.

In a heated face-to-face debate, recorded over a nationwide television hookup (NBC), Stassen bluntly told McCarthy that his tactics are "undermining" the Eisenhower Administration's own efforts to reach international agreements barring the shipment of war potential materials to Iron Curtain countries.

"I wouldn't take your word for it," McCarthy snapped back.

AT ANOTHER POINT, the Wisconsin Senator told Stassen: "The committee accomplished what you and Secretary of State Dulles did not accomplish. I highly compliment the three young men on our staff who did what the whole State department under (former secretary) Acheson was not able to do."

At the State department, Dulles declined to comment on McCarthy's statement.

A bitter dispute verging on a constitutional row between the executive and legislative branches of the Government broke out as Stassen and McCarthy clashed over the right of a congressional committee to negotiate agreements with foreign nationals.

McCarthy had made it clear in announcing the agreement with Greek owners of 242 ships Saturday

that he acted without consulting the Eisenhower Administration.

"I DON'T WANT any interference by anyone," he said at the time.

Under the constitution, the President is responsible for the conduct of foreign affairs. It was not clear, however, whether McCarthy's action in bypassing the executive branch infringed on the President's prerogative.

Legal experts said it would have been an outright violation of the constitution if McCarthy had negotiated an agreement with a foreign government, rather than with private ship operators.

Legal authorities pointed out that in June, 1948, Congress amended the law to provide for penalties ranging up to a \$5000 fine for any American citizen who, without proper authority, carries on correspondence with any foreign government or agent of a foreign government.

Police Wield Clubs in Italian Riots

ROME, March 30 (U) — Club-wielding police smashed Communist riots down the length of the Italian peninsula today.

Thousands of demonstrators, including 1000 in Rome alone, were taken into custody in new riots tonight. Scores were injured. But there was only one reported fatality — a policeman killed when his riot jeep overturned en route to a demonstration.

Angry Communists resorted to violence after their calls for a 24-hour general strike, in protest against Premier Alcide De Gasperi's new law designed

Police Wield Clubs in Italian Riots

to keep his government in power, had largely failed.

The law, passed during a bitter brawl in the Senate Sunday, gives the party or bloc winning 50 percent of the popular votes at least 65 percent of the parliamentary seats.

THE COMMUNIST disorders lacked the steam of similar outbreaks just after the war, but nevertheless appeared to be the most serious since 1948.

Mario Scelba, tough interior minister, declared tonight the "situation is very satisfactory."

Four victims of the riots were Associated Press Photographer Mario Torrisi and three other photographers who were clubbed by police and taken into custody temporarily for taking pictures of the violence.

SCOUT TROOP PLANS TO CANOE ON PERKIOMEN

First Presbyterian Group Readies Kayaks for Creek Launching

Gaily-colored kayaks will appear on the Perkiomen creek near Collegeville soon if plans of one Pottstown Boy Scout troop work out.

Half a dozen of the Eskimo-type craft have been made sea-worthy by Scouts of First Presbyterian troop 3, and the troop made plans at last night's meeting to try them out.

Ranging in color from green to scarlet, the kayaks with the covered decks were built years ago by former scouts who are now grown men.

For some time the kayaks have been neglected, Scoutmaster William Glenney said, but they have now been water-proofed and repainted by the troop's present nautical-minded scouts.

"The kayaks are about ten feet long," Glenney said, "and they each have a cockpit big enough to hold two scouts."

"And they're colorful enough to make a splash in more ways than one," he laughed.

THE SCOUTS will head for the Perkiomen sometime during the next few weeks in cars with the kayakers lashed to the roofs.

The water maneuvers on the creek will be combined with a camping expedition on the meadows along the banks.

"It will be a trial run for the later district camporee at Collegeville," the scoutmaster said. "Each scout will carry a pack holding all the gear he needs for a weekend in the open."

"We'll probably make the trip as soon as the weather gets a little warmer and the ground dries out," he added.

The troop 3 Scouts will hold a bake sale to earn money for some of the equipment they will need for camping.

At last night's meeting the Scouts also had a session of close-order "facing" drill, one of Morse code study and another of compass work.

The troop completed its six-week's first aid course (the past week with a written examination). Glenney announced that each of the 16 who took the course will get a certificate of accomplishment from the Red Cross, sponsor of the course.

Scoutmaster Memorial Methodist troop 7, which meets tonight, will plan a visit to its two-story log cabin in North Coventry on Thursday night.

The cabin which the troop uses for Spring and Summer meetings is located about five miles south west of Pottstown.

Assistant Scoutmaster Milton Detwiler will head the trek to the country meeting place, and the Scouts will spend the evening putting it in shape for future meetings.

At tonight's meeting the Scouts will hold a speed contest on erecting rope-lashed signal towers. The troop will be divided into four teams for the contest.

American Legion troop 1 will head for its Fawcettsville camp for rifle practice on its floodlit rifle range.

THE SCOUTS are firing for the rifling merit badge and also for National Rifle association awards. St. Aloysius troop 12 talked of continuing work on its new camp at Palladino's grove, but also continued with its first aid course under the direction of Red Cross instructor John Miller.

The troop will take its written test on the course next week. Carl Wilson, assistant scoutmaster, was in charge of last night's meeting. John Koury and his Cobra patrol opened and closed the meeting.

Firestone Sea Scout Ship Buccaneer is running a point system to select the Scout who will represent the troop at the California jamboree this Summer.

The Ship has already earned the \$400 it needs to pay the delegate's way to the West Coast and

AFTER THE Last Supper, Jesus and His disciples went to the garden of Gethsemane. There, while the disciples slept, Jesus prayed. Guided by the betrayer, Judas, the soldiers and priests came to the garden in search of Jesus. Judas went to Him, saying, "Master, master," and kissed Him. . . . And they led Jesus away to the high priest; and with him were assembled all the chief priests and the elders and the scribes.

UN Arab-Asia Bloc Backs Burma Gripe

UNITED NATIONS, N. Y., March 30 (AP)—The entire Asian Arab bloc with the possible exception of the Philippines — decided today to support Burma's charges of aggression against Nationalist China.

The Philippine delegation has asked Manila for instructions and other Asian diplomats felt they would get the go ahead.

The Burmese complaint, therefore, has already isolated the Chinese Nationalists from just about all other Asian members of the UN and promises to explode an extremely delicate situation.

Burma charges that 12,000 Nationalist guerrillas on her soil — who fled three years ago before the advancing Reds in China — constitute an aggressive force. She has charged that the Formosa government is actively aiding the guerrillas and has called on the UN to take steps to make them stop.

FIRE GUTS HOTEL ON BOARDWALK IN ATLANTIC CITY

Man and 3 Women Rescued From Ledge 90 Feet Above Street

ATLANTIC CITY, N. J., March 30 (AP)—A spectacular noontime fire gutted the seven-story rear portion of the Strand hotel on the boardwalk today.

A man and three women were trapped for 40 minutes on a narrow outside ledge 90 feet above the street before firemen could raise extension ladders and rescue them.

No one was seriously hurt in the fire. About 28 guests were staying at the 300-room hotel at Pennsylvania avenue and the Boardwalk.

Firemen unofficially estimated damage at nearly \$1,000,000.

THE BRICK HOTEL, parts of which are more than 50 years old, was considered the forerunner of some of the swank modern hostleries that crowd close on the resort's boardwalk. It has a newer front portion nine stories high that was damaged little except by smoke and waters.

Hundreds of spectators gathered in the streets to watch the dramatic rescue of Mrs. Edna Schoenbach, 63, a permanent guest, Mr. and Mrs. Abe Cooper, Passaic, New Jersey, and Mrs. Catherine Killullen, 60, a maid at the hotel.

They were forced by racing flames onto a seventh floor ledge, 2 feet wide.

A fire ladder was extended to 94 feet and firemen Edward Jordan, George Brown and James Stone reached the ledge. The three women were brought down the ladder, while other firemen made their way through the smoke-filled interior of the hotel and brought out Cooper.

Two firemen were injured before the blaze was brought under control.

An abundance of shrubbery outside and a compromise between painted and papered walls inside are features of this home of Mr. and Mrs. W. O. Smith at 216 Lee avenue (between Feist avenue and Spruce street). The house was built ten years ago by Warren B. Zern, Pottstown contractor. The two blue spruces near the walk past the house were added later. The shutters are dark red. Downstairs, the Smiths have used solid, light blue paper and, on the stairway, figured gray paper. Upstairs, the two finished bedrooms have three walls painted and one papered. The house has a living room, 11 by 18 feet, kitchen dinette, and upstairs, a bath and large unfinished room in addition to the two bedrooms. Smith is director of Pottstown veterans school in the vocational school building.

TUESDAY, MARCH 31, 1933

If he does really think that there
is no distinction between virtue and
vice, why, sir, when he leaves our
houses let us count our spoons.—
Samuel Johnson.

Let the Buyer Beware!
POTTSTOWN residents—at least some of
them—seem to be up in arms because
they believe themselves to have been made
victims of a fast-talking sales talk.
They fell for a pitch by house-to-house
canvassers and then learned the commodities
they purchased were priced about three
times as high as they could buy the stuff in
Pottstown.

Now they're squawking!
But they didn't think to check with
reputable Pottstown merchants before
they signed on the dotted line. Now they
have no legitimate kick unless the
borough wants to arrest the firm for
operating without a license.

It's pretty hard to prove misrepresentation
in the sales talk. The SI product
may have been priced at \$5 by their bosses.
After all, it costs a pretty penny for any
firm to collect at the rate of 50 cents a week!
Those alleged to have been taken in by
the fast talkers should mark the loss off to
inexperience. But then they should re-
solve to check closely in the future.

After all, Pottstown merchants can
sell the householder any commodity she
wants. If they don't have it, they'll
order it. If the woman wants to pay
on the installment plan, that can be ar-
ranged, too.

If anything goes wrong with the pur-
chase, Pottstown merchants will make it
good. They've got to, because they plan
to stay in Pottstown. They couldn't last here
if they weren't honest, willing to make
good.

There's nothing wrong with most door-
to-door salesmen. But let the buyer be-
ware! Call borough hall if the salesman
has no license. Call any Pottstown mer-
chant to verify sales prices.

Shop in Pottstown and you won't have
any complaints!

No Mystery

QUITE naturally, farmers and farm orga-
nizations are greatly concerned with the
declines that have recently occurred in the
market prices of livestock and certain other
agricultural commodities.
The fear has been expressed that the
declines might become so great as to bring on
an agricultural depression.

Forecasting the future is an exceedingly
risky business, and no one can say with cer-
tainty what will happen to farm commodity
prices next month or next year.

But it should be recorded that many stu-
dents of agricultural trends feel that the
present situation is not as serious as some
have painted it, and is not likely to become
so.

Secretary of Agriculture Benson is one of
these—he recently denied that the price de-
clines had reached "the proportions of an
emergency." The Minneapolis Morning
Tribune expressed a widely-held opinion
when it said editorially that "the outlook may
not be so alarming as it seems."

The Tribune found several rays of light
on the price horizon.

One is of a political character—the gov-
ernment's price support program, whatever
one's opinion of its wisdom, will carry
through the 1934 crop year in its present
form.

Others are economic. On the subject of
livestock, for instance, the paper said:
"Most spectacular decline of all has been
the drop in meat cattle prices."

But there is no mystery about this de-
velopment. Many cattlemen saw it coming
a year ago as cattle numbers were building
up to the highest point in history.

Existence of price ceilings no doubt ac-
celerated herd buildups at a time when
more animals should have been moving to
feedlots or slaughtering stations. . . . There
may be some further declines in meat prices
but they should level off soon. . . . Consumer
demand for meat is still strong and very
likely will remain so."

In other words, if views such as these are
correct, we are going through a period of
adjustment in a supply-and-demand mar-
ket. And, ironically, the maladjustments
were made more severe by the very controls
which were supposed to benefit everyone.

Juvenile Authorities Should Be Consulted

Correction Needed
To the Editor: Why aren't the vandals
who go about doing mischief sent to Nor-
ristown to be handled by the proper
authorities?
Vandalism cases never seem to go
further than borough hall.
No wonder there's so much juvenile
delinquency in Pottstown!
Youngsters learn at an early age that
they can get away with breaking the
law. Evidently they don't receive the
proper training at home. Otherwise they
would be kept off the streets and not
allowed to have sling-shots.
And all they get is a "scare" in bor-
ough hall.
Why don't the voters in town wake
up and put someone in office who'll carry
out the law?
I understand the juvenile authorities
in the county seat are under instruction
to handle all cases of reported
vandalism.
Then why aren't these cases of van-
dalism reported to those proper authori-
ties?

reprimand, they'll continue to go about
their damaging ways.
And damaging they are!

WASHINGTON

Ike to Remove Positions From Civil Service Rule

By RAY TUCKER
WASHINGTON, March 30—Patronage
pressure from Capitol Hill lies behind
President Eisenhower's plan to remove
many Federal employees from the Civil
Service protection given them during 29
years of Democratic rule at Washington.
Although it is not generally re-
alized, there is a grim backstage strug-
gle on now between the Con-
gressional and gubernatorial factions for
political supremacy. It is a form of
rivalry which has always existed, but
it is especially acute at the moment.
It is a sort of Taft versus Dewey con-
test.

Wilson, Coolidge, Hoover and Roosevelt
were elevated to the White House by
gubernatorial outsiders. Only McKinley,
Taft and Harding, in modern politics,
were Congressional creations.

**EISENHOWER A GOVERNOR'S
MAN:** Eisenhower is definitely a gov-
ernor's man. They first entered him in
the 1932 race against the Taft group on
Capitol Hill, and they sparked his cam-
paign from start to finish. They have
been rewarded amply in his appoint-
ments and in his states rights stand on
oil, tidelands, power development and
taxation.

Now, the Republicans at the eastern
end of Pennsylvania Avenue insist that
they be paid off for past and prospective
favors to the White House—and they con-
trol the legislative field, not the gov-
ernors—by placing back-home friends and
patrons in juicy jobs here and around
the country.

The fact that Eisenhower entered
the White House as a gubernatorial
rather than a Congressional protégé
is an extremely important factor in
present-day politics and government.

Ike's candidacy was kicked off by
Governor Thomas E. Dewey, shortly af-
ter the latter's 1948 defeat. It was
helped along by ex-Governor Duff
Pennsylvania, now a Senator, by Gov-
ernor Flinn of the same state, by Governor
Driscoll of New Jersey, by ex-Governor
Sherman Adams of New Hampshire, by
Governor Christian A. Hietter of Massa-
chusetts, and by numerous other state
executives, including Dixie Democrats.
Taft, of course, was the Congressional
enemy.

Meeting at Houston on the eve of the
Republican national convention, GOP
members of the "Governors' conference"
issued a pro-Eisenhower proclamation.
The election eve telecast of Republican
governors in which each urged Eisen-
hower's election for regional consider-
ations, was an effective campaign ma-
neuver. Ike thinks it won him several
million votes and about 40 electoral
ballots.

GOVERNORS IN HIGH SPOTS: Eisen-
hower has paid off most generously.
Dewey has landed three men in high
place—the two Dulles and Attorney Gen-
eral Brownell. Ex-Governor Adams is
Assistant President. Ex-Governor Stassen
heads the Mutual Security Adminis-
tration. Ex-Governor McKay runs In-
terior, with ex-Governor Aandahl as As-
sistant Secretary and ex-Governor Leslie
Hunt as a power consultant. Dewey and
Driscoll are slated for important posts
when their terms at Albany and Trenton
expire.

Ike needs the assistance and advice
of such Capitol Hill veterans as Taft,
Knowland, Ferguson on the Senate side,
and of Speaker Martin, Majority Leader
Halleck and Rules Committee Chairman
Allen in the House. They can make or
break his Administration.

scare from the town officials!
Suppose someone happened to get in
the way of those hard marbles fired by
sling-shots!
A blow on the temple of some in-
nocent passer-by could have proved fatal.
And all the culprits got was a reprimand.
There are authorities in the juvenile
court in Norristown who are specially
trained to handle juvenile cases.
They aren't out to put the lash to the
youngsters, but they delve deeply into
each case.
They correct the youngster, perhaps
permanently discourage him from fur-
ther acts of vandalism.

riages is a good one, too.
For one thing, and this is by no means
the major reason, it would give a source
of revenue to the borough treasury,
which seems to need it.
But more important, it would dis-
courage many women and they would
keep their offspring home, safely hidden
in the parlor or in the back yard, if they
think they need air. Personally, I'm not
partial to air and I don't think it does
children much good, either.
Our sidewalks are congested enough,
what with gabbling teen-agers careening
along chattering and giggling in their
silly ways.
But at least if we could keep the pav-
ements clear of proud and silly mothers
and their monstrous baby carriages, we
would have contributed a little progress
to this crazy world.

then why can't that be done in the Sum-
mer?
At that time of the year, the borough
is always complaining that too much
water is being used.
After a good rain storm, the borough
government could make a public an-
nouncement that the mains will be
flushed. People could water their lawns
to their hearts' content and at the same
time get rid of the dirty water.
There would be plenty of water from
the rain so a shortage would not be
created.
The way it is now, everyone is letting
spigots run hoping to find clear water.
Probably millions of gallons of water are
wasted.

Classes Study Paragraph Structure

By LEE ASSEO

Both Ninth grade English classes, under the direction of John DeVincis, are now studying paragraphs and their importance. This study includes the usage of titles, topic sentences, clincher sentences, outlining, and indenting.

A good paragraph is a unit of thought or group of ideas which develops a topic. Thus a paragraph may be only one sentence, or it may be a large group of sentences.

The topic sentence of a paragraph should be a summary of all the sentences in that particular unit of thought. Every paragraph should also contain a forceful sentence at the end to clinch the thought of the paragraph. This sentence is naturally called the clincher sentence.

Mr. DeVincis has informed his pupils of the many steps necessary in preparing a good paragraph. These include: selecting your topic, formulating a good

topic sentence, selecting proper details for your paragraph and finding a good clincher sentence.

AN OUTLINE also helps greatly when you are preparing a paragraph.

When writing your paragraph an important thing to remember is that the beginning sentence should always be indented at least a half inch.

Mr. DeVincis hopes his students will have a greater knowledge of paragraphs after completing this study.

Pupils in Art Classes Are Making Murals For Spring Season

By BARBARA KENNEDY

The art department is getting ready for Spring by doing work appropriate to the season. The First, Second and Third grades are making bunny rabbit masks. The Fourth grades are making cut-out flower prints. The Fifth grade in Mr. Wynn's home room made a mural on cotton plantations. The Fifth grade in Mr. Langford's room made an Easter parade mural.

The two Sixth grades are also working on interesting projects. Mrs. Hahn's room made travel posters, and Mrs. Rothemberger's room finished a mural of Pickett's charge at Gettysburg. The Seventh grades are doing bird prints and flower cut-outs.

The Eighth grade boys are making compass designs, and the girls cut-out floral arrangements and bird prints. The Ninth grade is also doing work in compass designs, floral cut-outs and bird prints.

The 11th and 12th grade vocational group is working on floral arrangements.

Norco Pupils Near Visiting Ministers In Holy Week Assembly Programs

By BARBARA KENNEDY

The Junior and Senior High school of North Coventry is privileged to have special assembly programs throughout Holy Week ending on Thursday afternoon.

Each morning the student body and faculty are favored with a sermon given by different pastors who live near the school.

Yesterday we had the privilege to hear the Rev. Donald T. Floyd of the Evangelical church, who gave us a short sermon on the "Triumphal Entry Into Jerusalem."

Everyone enjoyed his talk very much. As a part of the program William Collins played "The Palms" on his trumpet accompanied by Miss Moyer on the piano.

Group Visits School To Discuss Forming Of Student Council

By LEE ASSEO

Yesterday we had a representative body from the Norristown High school made up of the faculty advisor, Mr. Schuler, and five pupils, two boys and three girls. They spoke to us about their Student Council.

This included the offices, elections, the student court, and the part that a student council plays in school government. They asked for questions from our pupils and advised us on organizing a Student Council at North Coventry.

After the assembly Senior class President Fred Kerlin, and the president of the Junior class, Donald Laverty, took the visitors on a tour of the High school building and the new elementary building. They entertained them at lunch in the cafeteria also.

If the pupils desire it, North Coventry plans to form a Student Council. The teachers sponsoring this movement are Alvin Alderfer, administrative assistant, Clifford J. Brey and Jessie Delp.

With the purpose of seeing a Student Council in action, North Coventry plans to send five representatives to Norristown school in the near future.

Unlicensed Salesmen Reported in Borough

Royersford residents have been warned by police to be wary of solicitors or salesmen lacking a permit from the police department.

The warning came from Police Chief Bryson Turner, who received a report that silverware and dish salesmen were in town the past Thursday, using high pressure sales methods. A woman resident told the chief she was offered a set of silverware and set of dishes for \$44.55.

She did not want the silverware, but ordered two sets of dishes and gave a \$2 deposit, with the understanding the men would return tomorrow for payment on the sale.

Chief Turner said no silverware or dish salesmen have applied for a permit to work in Royersford. If they are apprehended, he said, they would be subject to arrest and payment of a fine for selling without a permit.

Borough council established an ordinance two years ago requiring every solicitor or salesman to carry a card signed by the police officer on duty.

McCarthy's Damages Found Not Taxable

MADISON, Wis., March 30 (AP)—Senator McCarthy (R-Wis.) will not be required to pay State or Federal income taxes on a \$18,500 out-of-court settlement of a libel-slander suit, State tax commissioner Harry Harder said today.

McCarthy had written the State income tax assessor at Appleton, Wis., his home town, asking if the money he received from the Syracuse (N. Y.) post was taxable.

Harder said his office was replying to the Senator's letter. He said such settlements came under the heading of "injury to a man's character" and were not taxable either by the State or Federal Government.

Driver Exonerated With Jury's Verdict Of Accidental Death

By Staff Correspondent

NORRISTOWN, March 30—Walter D. Corryell, 26, of Gravel pike, Graterford, was cleared of criminal negligence yesterday afternoon at an inquest into the death of Harvey Hutt, 72, Limerick, before Coroner W. J. Rushing at the courthouse.

The coroner's jury returned a verdict of accidental death and recommended that Corryell be exonerated.

Hutt, a caretaker at Ursinus college, died instantly on the night of March 12 when he was struck by Corryell's eastbound car as he was walking across Route 122 almost in front of his home.

Corryell said he was going about 30 miles an hour and did not see Hutt until the latter's form loomed in front of his headlights.

Jeffersonville State Trooper John Schneider investigated the accident.

Big Wind Snatches Police Pay Checks

TRENTON, N. J., March 30 (AP)—Fifty New Jersey State troopers and several civil clerks ran pell mell through a five acre field today trying to capture 750 pay checks flying away from headquarters.

The checks took off from the front seat of a car driven by Capt. John A. Mitchell when he opened a door to alight at headquarters.

"The wind just picked them up and away they went," said Mitchell, State police personnel officer.

Mitchell and a stenographer, Helen Crusade, had picked up the checks for most of the State police force at the State house.

West Berlin's Mayor Returns From US

FRANKFURT, GERMANY, March 30 (AP)—Mayor Ernst Reuther of West Berlin returned by air here today after a two weeks visit in the United States.

In an airport interview, he said he found a great understanding among American politicians of the situation in Berlin, and Soviet-occupied East Germany.

He said that there was "fantastic enthusiasm" about Berlin in the United States.

The mayor predicted an American aid fund for refugees from the Soviet zone will pass its million dollar goal by May.

Jet Fighters Leave America for Europe

ROBINS AIR FORCE BASE, Ga., March 30 (AP)—A squadron of F86 Sabre jets left here today for Europe, presumably for patrol duty along the Iron Curtain.

Exact number of the planes was not released, but a squadron usually is comprised of 25. And that is the number expected by the key US Air Force base at Landstuhl, Germany, as replacements for the slower, outmoded F85 Thunderjets.

The squadron is expected to stop at Bangor, Me., before starting the mass flight across the Atlantic ocean.

about any boys apprehended for the wave of vandalism that has swept the borough, he said.

Police Chief James A. Laughead couldn't be reached for comment last night.

Another man, whose window was broken in a similar manner, knew nothing about the case.

When contacted late last night, Carson C. Potter, Wilson street and Burdian drive, another vandal victim, said he had heard nothing from the police ever since the broken window in his car was investigated more than a week ago.

The story was brought to light first the past Wednesday when Steven Risko, electrical contractor from Port-town RD., walked into the office of The Mercury.

He related how while his pick-up truck was parked on Charlotte street March 5, somebody broke a hole in his windshield.

I reported it to police that afternoon. They said they'd see what they could do about it," Risko said.

Risko said he went back the next afternoon, and the officer on duty told him he didn't even know anything about it. He said I didn't make out a report.

So I made out a report again.

One officer came down to look at the windshield and he said "That was done with something Mayne a rock."

So we looked in the truck and sure enough we found a marble. He said nothing but a blue marble.

Jerusalem Begins Passover Ceremonies

JERUSALEM, March 30 (AP)—Passover, the Jewish festival of liberation and freedom, was ushered in here tonight with a divine service on Mt. Zion in memory of the Warsaw Ghetto revolt exacted ten Passovers ago.

The same flag which was raised on the ghetto wall as a symbol of belief in final victory flew from Mt. Zion synagogue tonight, spot in the Holy City.

Later, from the hills of Gethsemane, the Red Sea families sang down to the radio on "Seder Meal" with wine and unleavened bread recalling the mass exodus from Egypt 3,000 years ago.

The Tel Aviv Hebrew daily Hatzetz in an editorial said the last few days of easing international tension contributed to an increased festive mood here.

Red China Repeals Germ War Charges

SAN FRANCISCO, March 30 (AP)—Peiping radio hit hard today for the second straight day with its revised charges that the United States is waging germ warfare in Korea.

It did so even as it carried a statement by Premier Chou En Lai suggesting a compromise plan for ending the Korean war.

Today's germ warfare broadcast was a jargon rebuttal to a speech made Friday by US Ambassador Ernest A. Gross before the UN Political committee in New York.

Gross' jargon note that the Reds had quoted captured US officers as confessing charged that the concessions were evoked. He challenged the Reds to permit an impartial commission to question these men.

TAIPEI, Tuesday, March 31 (AP)—An air raid alarm and blackout in this Chinese Nationalist capital sent people rushing by rickshaw car and on foot for air raid shelters last night in fear that Chinese Communist planes were raiding Formosa.

Today air defense headquarters said several unidentified planes were detected heading over Formosa Strait from the mainland to ward Formosa. The blackout began at 9:30 p. m. last night and the all clear was sounded at 10:30.

Nationalist air force planes droned overhead throughout the blackout. Thousands of people hurried from amusement spots and from their homes to the air raid shelters. Many had been asleep and had hastily donned clothing.

Man Uses Shotgun On Neighbor's Auto

DETROIT, March 30 (AP)—Edward Gardner got angry because a next door neighbor, Mrs. Louise M. Swanson kept parking her car in front of his house. He told her she didn't move it and blew the windows out.

She didn't move it. Gardner got his 12 gauge shotgun and blasted away.

Judge Gerald W. Groves ordered Gardner to pay for the damage and placed him on six months probation for malicious destruction of property.

Committee Opens Bids for Materials

Thirty bids for construction against his property for the bid materials were scanned by coun He told the committee he had a bill's highway sewer committee last ranged through a previous heavy committee to be executed of the from 10 different bidders.

The committee authorized Borough Manager Horace B. Gulden to tabulate bids and present the results at a 7:30 a'clock meeting Tuesday night, April 7, at which time contracts will be awarded.

Bids were received on asphalt crushed stone, pipe, man, concrete pipe, clay pipe, gas, fuel oil, ready mix concrete and asphalt.

PLANT MIX used on a concrete street. It consists of a mixture of asphalt and concrete and prepared on a supplier and hauled to the porridge.

Concrete and clay pipes are used in storm and sanitary sewer work and water main lines. A better sewerage plan.

Walter S. Hunt, 486 North Evans street, a corner property owner at Evans and West streets, told the committee he thought he had been excused a number of years ago for a \$64 sewer assessment against his property.

In 1931, Hunt was placed

Ratner continued the hearing and at 8 o'clock Friday night on the request of Attorney James R. Carola, Norristown counsel for the defense.

Weber testified he was operating his car on Haws alley and struck the fender of a car owned by Bernard Keim, Haws alley.

A rear fender on the car, as well as a dent in the rear of the car, was damaged and broken. He was charged with disorderly conduct by Gulden when he began his testimony.

Several weeks ago he was arrested by Port-town police for disorderly conduct.

Man Uses Shotgun On Neighbor's Auto

DETROIT, March 30 (AP)—Edward Gardner got angry because a next door neighbor, Mrs. Louise M. Swanson kept parking her car in front of his house. He told her she didn't move it and blew the windows out.

She didn't move it. Gardner got his 12 gauge shotgun and blasted away.

Judge Gerald W. Groves ordered Gardner to pay for the damage and placed him on six months probation for malicious destruction of property.

175 Persons Attend Luncheon Held by Reformed Members

Approximately 175 persons attended the fellowship luncheon served for the new members of the Church of the Good Shepherd, Evangelical and Reformed congregation, Boyertown, Sunday afternoon.

Among those attending the function were the catechetical class members who joined by letter of transfer, renewal of profession and adult confirmation.

Also attending were the parents of the catechumens, members of the Women's Guild, members and families of the church consistory and other members of the congregation.

Members of the Women's Guild served the luncheon which was in the form of a cold covered dish. Members of the consistory served as the welcoming committee.

Following the luncheon, the group went to the church sanctuary and joined other members of the congregation in viewing the Easter film, "I Beheld His Glory."

Pastor of the church, the Rev. Harper L. Schneek, said "The service was well attended and the film was a real inspiration and challenge to all present."

Women's Guild to Hold Quiet Hour Meditation

The Women's guild of the Church of the Good Shepherd, Evangelical and Reformed, Boyertown, will conduct a "Lenten Quiet Hour" meditation tonight at 7:30 o'clock in the church chapel.

All persons of the community are invited to attend this special service which will have as its theme, "King of My Soul," written by Louise Auchenbach, secretary of field work and promotion of the Women's guilds.

Miss Auchenbach works with Ruth Landis in Cleveland, Ohio. Miss Landis is a native of Boyertown. Her parents, Mr. and Mrs. Samuel B. Landis live at 117 North Walnut street, Boyertown.

DEATHS—FUNERALS

PAUL ALLEN STURGES, 52, 249 FIRST AVENUE, PHOENIXVILLE, died at his home early yesterday morning after being in poor health for several years.

At one time he was a shipper for the Summerall Tube company, Bridgeport, and until the time of his illness, worked as an investigator for the Chester county probation officer.

He was a member of Norrisstown Lodge 620, F. and A.M.; and Chester county Fraternal Order of Police.

He leaves his wife, Florence C. (Schmoyer) Sturges; two sons, James M., Boyertown, and Albert Paul, at home; one sister, Sarah, wife of Walter Morris of Norrisstown; one brother, J. Hugh Sturges of Norrisstown, and one grandson.

Funeral services will be from a funeral home at 241 43 First avenue, Phoenixville, Thursday at 2 p. m. with interment in Fairview cemetery, Boyertown.

PERSONALS

4 Children Baptized By Reformed Pastor

At a special service of baptism on Sunday afternoon, the Rev. Harper L. Schneek, pastor of the Church of the Good Shepherd, Evangelical and Reformed, Boyertown, performed the baptismal rites for four children in the church chapel.

Those baptized were: Keith Alan Forsythe, son of Paul A. and Sarah R. (Bechtel) Forsythe, Barto; Diane Louise Butti, daughter of Leon F. and Julia (Gottshall) Butti, RD 2, Boyertown.

Debra Kay Houck, daughter of John A. and Lois A. (Updegrave) Houck, 227 North Shaner street, Boyertown; and Jan Michael Levengood, son of Stanley F. and Mary M. (Markovsky) Levengood, 627 East Philadelphia avenue, Boyertown.

The parents were the sponsors in each instance.

Junior Chamber to Hold Meeting Tomorrow Night

The monthly dinner meeting of the Boyertown Junior Chamber of Commerce will be held tomorrow night at 6:30 o'clock in the new American Legion home, Boyertown.

Following a short business session, which will include the presentation of a slate of officers for the ensuing year, the group will travel to Reading where they will tour a bakery.

William S. Hollenbach, president, will be in charge.

MOSCOW ANNOUNCES

LONDON, Tuesday, March 31 (AP)—The Moscow radio today announced the death of Yves Farge, French winner of the 1932 Stalin peace prize.

At about the same time Durkin appeared on Capitol Hill, news leaked out at the Agriculture department that Secretary Benson has directed that the Washington PMA staff of 2347 be cut by about 750.

UNDER CIVIL SERVICE and veterans rights, the outburst involves "bumping" of junior employees by those with greater seniority. Personnel officials conceded such a shift usually brings chaos for a time.

Benson has recommended a budget for the next fiscal year that would eliminate the equivalent of about 3000 full-time jobs in his department. The PMA discharges are scheduled to be issued April 10 and others in the Agriculture department presumably will come later.

PMA workers affected will be given a month's time to find other jobs in the department through the "bumping" process. Officials said the department expects at least a third of these employees to be out of jobs by July 1. Those to get notices receive salaries from about \$11,000 downward.

British Call Moscow Envoy Home for Talks

MOSCOW, March 30 (AP)—The British government abruptly ordered its ambassador, Sir Alvaro Gascoigne, home for consultations today.

It was obvious that the hurry-up call was connected with Communist China's offers on an exchange of prisoners of war in Korea and other seemingly conciliatory moves by Russia toward the West.

There were two plain indications of the urgency attached to Sir Alvaro's mission in London.

Economy Cuts to Lop 1020 Persons From Government Payroll

WASHINGTON, March 30 (AP)—Word went out today that the Administration's economy drive would whack off about 270 jobs in the Labor department and 750 in the Agriculture department's Production and Marketing administration (PMA).

Secretary of Labor Durkin gave notice of his employment slash in appearing before a Senate appropriations subcommittee. He said it would come in a \$10,402,000 cut in the \$331,818,600 Labor department budget originally submitted by former President Truman.

However, the Truman budget for the fiscal year starting July 1 shows a 221 million dollar estimate for the Labor department. None of the subcommittee questioned Durkin on this discrepancy and a Labor department budget officer later insisted the \$31 million figure was correct for Truman's original estimate.

At about the same time Durkin appeared on Capitol Hill, news leaked out at the Agriculture department that Secretary Benson has directed that the Washington PMA staff of 2347 be cut by about 750.

Today's Psalm

A Psalm each day during the 40 days of Lent, with an accompanying commentary or appreciation by a local clergyman, is being published by The Mercury.

The version of the Psalm used is that of the commenting clergyman's church. Today it is taken from the King James Version.

The Psalm for today is the 85th in the Protestant and Hebrew Bibles and the 87th in the Catholic Bible.

Commentary

By CAPT. ROBERT S. FLINN of the Salvation Army

This Psalm was published under the title of a prayer of David. Probably this was not penned upon any particular occasion, but was a prayer he often used himself and recommended to others, especially in a day of affliction.

Many think David penned this prayer as a type of Christ "who in the days of his flesh offered up strong cries" (Heb. V, 7).

It is observable how very plain the language of the Psalm is, how little there is in it of poetic flights or figures in comparison with some psalms, for the flourishes of wit are not the proper ornaments of prayer.

Psalm

BOW down thine ear, O Lord, hear me: for I am poor and needy. Preserve my soul; for I am holy. O Thou my God, save Thy servant that trusteth in Thee.

Be merciful unto me, O Lord: for I cry unto Thee daily.

Rejoice the soul of Thy servant: for unto Thee, O Lord, do I lift up my soul.

For Thou, Lord, art good, and ready to forgive; and plenteous in mercy unto all them that call upon Thee.

Give ear, O Lord, unto my prayer; and attend to the voice of my supplications.

In the day of my trouble I will call upon Thee; for Thou wilt answer me.

Among the gods there is none like unto Thee, O Lord; neither are there any works like unto Thy works.

All nations whom Thou hast made shall come and worship before Thee, O Lord, and shall glorify Thy name.

For Thou are great and doest wondrous things: Thou art God alone.

Teach me Thy way, O Lord: I will walk in Thy truth; unite my heart to fear Thy name.

I will praise Thee, O Lord my God, with all my heart; and I will glorify Thy name forevermore.

For great is Thy mercy toward me, and Thou hast delivered my soul from the lowest hell.

O God, the proud are risen against me and the assemblies of violent men have sought after my soul, and have not set Thee before them.

But Thou, O Lord, art a God full of compassion, and gracious, long-suffering, and plenteous in mercy and truth.

O turn unto me, and have mercy upon me: give Thy strength unto Thy servant, and save the son of Thine handmaid.

Show me a token for good: that they which hate me may see it, and be ashamed, because Thou, Lord, has holpen me, and comforted me.

Show me a token for good: that they which hate me may see it, and be ashamed, because Thou, Lord, has holpen me, and comforted me.

David goes on with his prayer by giving glory to God stating that praise is due him as a being of unparalleled perfection; there is none like him nor any to be compared with him (V. 8) and as the fountain of all being he is the centre of all praise (V. 9).

In verse 10 he refers to God as a being infinitely great.

Of the greatness of God's mercy he gives this instance: "Thou hast delivered my soul from the lowest hell."

David knew he deserved to be cast off forever into the lowest hell for his sin in the matter of Uriah but Nathan assured him the Lord took away his sin. So glorious, so gracious a rescue from everlasting misery, justly requires the return of everlasting praise.

David completes his prayer by asking for three things. (V. 16, 17) (1) That God would speak peace and comfort to him. (2) That God would work deliverance for him and set him in safety. (3) That God would put a reputation on him.

Keim-Fuhrman Marriage Solemnized in Royersford

Nuptial vows were spoken in an church of the Nazarene for the afternoon ceremony Saturday by service, read by the Rev. R. E. Miriam E. Keim, Royersford, and Zollihofer, pastor.

Mr. and Mrs. J. LeRoy Fuhrman, Collegeville RD 1, are the parents of the groom. The bride is the daughter of Edna S. Keim, 287 Washington street, Royersford.

Palms and a basket of Spring flowers decked the Royersford, sleeves and a beulah of charmingly lace.

Beneath a lace pephum, her bouffant skirt cascaded to form a cathedral length train.

Rhinestones and pearls mingled with orange blossoms to form the coronet which caught the bride's fingertip, lace edged veil of illusion net to her hair.

Upon her white Bible, she carried a bouquet of carnations and ferns tied with long white streamers.

Mrs. Philip C. Cure, Royersford, acted as the matron of honor.

Her silk taffeta gown of lime green was fashioned with a fitted bodice, illusion neckline and bus tled skirt.

On her head she wore a coronet of pink carnations and ribbon, and she carried a bouquet of pink carnations.

Best man was Russell L. Fuhrman, Collegeville.

Vernon Fuhrman, Collegeville, and Paul M. Keim, Oaks, acted as ushers.

The bride's mother wore pink and white accessories with her navy blue outfit, and a corsage of pink carnations.

Navy blue was also chosen by the mother of the groom who chose pink and white for her hat, bag and gloves, and pinned pink carnations to her shoulder.

After the service, the couple left for a honeymoon in the Pocono mountains. To travel, the bride changed into a navy blue suit with accessories of pink and white.

Upon their return, the newlyweds will make their home at 307 Washington street, Royersford.

The bride was graduated from Royersford High school and the groom studied at Collegeville-Trappe High school.

HOME FROM THE SOUTH, newlyweds Mr. and Mrs. Kenneth H. Manger, above, are making their home at 4 Walnut street. The bride is the former Kathleen E. Miller, daughter of Mr. and Mrs. John R. Miller, 675 North Keim street. The groom's parents are Mr. and Mrs. Paul R. Manger, 4 Walnut street. Grace Lutheran church was the scene of their wedding.

School Youngsters to Contribute Foods On Spring Donation Day for Hospital

April 23 has been selected as annual Spring Donation Day for Pottstown hospital. Director of the hospital, A. C. Seawell, will issue a message reminding donors that canned, dried and non-perishable foods are needed to pad out the hospital's larder.

Such foods will be collected by children in most area schools.

Among the schools participating will be those in Pottstown, Schwenksville, Collegeville, Limerick, Lower Pottsgrove, Royersford, West Pottsgrove and Upper Pottsgrove.

Amity township, Pine Forge, Monocacy, East Coventry, North Coventry, South Coventry, Spring City, Warwick, Nantmeal, Wynecott and St. Peters.

In charge of the Donation Day will be members of the hospital's women's auxiliary.

General chairman is Mrs. E. H. Hunicutt with Mrs. Russell Freed as co-chairman.

Mrs. William Frank Fisher and Mrs. Arthur Mann will supervise collection activity of the Deb-Aides and Teen-Aides.

Committee members for the event include: Mrs. Charles Schulz, Mrs. E. V. K. Javcox, Mrs. Elmer French, Mrs. Matiland McHenry and Mrs. C. B. Weich.

Mrs. John Ludwig, Mrs. William Barr, Mrs. J. Albert Whitacre, Mrs. Minor Russell, Mrs. Howard Swavely, Mrs. Edward Weimer and Mrs. John Ziegler.

Interior Decorating Discussion, Selections by Edward O'Neill Will Compose Program for Woman's Club at Meeting in Library

A talk on interior decoration and a vocal soloist will highlight today's meeting of the Pottstown Woman's club in Library hall.

Vocal selections will be given by Edward O'Neill, soloist for St. Aloysius Catholic church and First Baptist church. He studied in Philadelphia and New York City and has made professional appearances in radio and television.

Mr. O'Neill is also a member of a professional ensemble in Philadelphia which holds annual recitals.

Mrs. O'Neill appears with her husband as a duet in recital work.

Russell Lewis, Allentown, will speak on interior decoration. He will stress the use of color and feature arrangements in creating the desired atmosphere. A discussion period will follow the talk.

Leader will be Mrs. Donald Sands.

Coatesville Thumps Zebras

Jesse's Top WC Raiders, 87-75

The West Chester Raiders fouled themselves. The defending champ Zebras found their task of right out of the YMCA Silver Medal tournament last night as Jesse's of Norristown won the quarter final out of the second annual YMCA Silver Medal tournament, 87-75.

For three and a half quarters it was the tightest game of the tournament, with the score tied 14 times. But with only six men on the squad two important Raiders, Bill Munch and Harry Anderson fouled out with five minutes left to play.

Jesse's had no trouble pulling ahead of the remaining quarter from WC, and the Norristown club now advances to the semi-finals Wednesday night against the winner of tonight's Blocks-Mirabile game.

Jackie May became the tournament's highest scorer by adding 29 points to his first game total of 26. His 65 points rank him well ahead of URW's Bill Kaver who has 57.

All but six of May's points came in a torrid second half at tack. During the third period, when the Raiders took their biggest lead of seven points, it was May who matched Munch point for point and eventually evened the score.

Munch again demonstrated why he was West Chester State Teachers' high scorer. His hard-to-stop push shot was the Raider's best scoring weapon as he sank 13 field goals for 26 points.

THE SCORE was 87-75. Jesse's in front when Anderson, the Philies' bonus player fouled out. That left the Chester county team with out a reserve.

Seconds later Munch was charged with his fifth personal, and his team carried on for the final five minutes with only four players.

Jesse's began pressing and the losers gave up several baskets on stolen passes before they could move the ball up court. The Norristown boys quickly established a firm nine point lead although they had to work hard to keep the advantage as West Chester managed to drive for a few more baskets.

Munch and Bill Blessing, who was second high with 20 markers, scored all but two of the Raiders first quarter points.

May was limited to one fielder in the first period, but Jim Coughlin hit twice from outside, and Joe Gillinger, usually a set shot artist, moved in close for a pair of buckets.

His second short pusher gave Jesse's a 21-20 lead at the end of the quarter after the score had been knotted six times.

THE SECOND period scoring pace was somewhat slower as Jesse's was halted with only four baskets. Munch added three more to his first quarter total of five, and Dick Suter flipped in a pair.

By halftime, the Raiders were on top, 37-33.

As he had done in the previous two quarters, Munch opened the third with a jump shot. Although Earl Shrack came on with a set shot for Jesse's, West Chester moved into a 42-35 lead on foul shots by Blessing and Suter.

At this point, May and Munch traded jumping fielders, and then May started eating away (Continued on Page Thirteen)

Blocks-Mirabiles, URW-Erntex Tonight

Blocks of Norristown, winners of 35 of 37 games this season, re-engages the only team to beat them this evening in a quarterfinal game of the second annual YMCA Silver Medal tournament.

The Philadelphia independent champs, who downed nine league champs during their romp through an as-sorted schedule of heavy and medium weight foes, meets Mirabile tonight at 7:30 at the Pottstown Y.

Erntex and URW are billed in the 8:45 nightcap as the pairings for the semifinal round tomorrow night are filled out.

The Blocks-Mirabile game promises to be one of the showpieces of the season for local cage fans. The Bottlers bounced Blocks out of championship of the Norristown Y Christmas tourney for the first time in four years this past Christmas and saw their Stu Adams win the most valuable player award.

Adams, who missed Mirabile's initial tourney game because of a Main Line league final playoff game with Wayne, "wouldn't miss playing against Blocks for anything," said Mirabile manager, Charley Tuturice after a skeleton crew of his richly-loaded team had downed the Phoenixville Clippers in overtime, 67-66, the past week.

AVAILABLE along with Adams for tonight's game and the remainder of the tourney if need be, is Dave Heller, 1951 Radnor pivot and star of the PHS-Radnor district final upset, and Fred Prender, ace of the 1949 Radnor Eastern runnerups and former West Chester Teachers' high scorer.

Erntex ousted the Titans in the first round, 75-60, to jump right into the quarterfinals, while URW downed the Kutztown H.Y. 100-62, and then took the measure of the Underdogs, Friday, 92-86.

The winner of the Erntex-URW game meets Jesse's in tomorrow evening's opener at the Junior High school. Coatesville opposes the Blocks-Mirabile victor at 8:45. Thursday's finals will also be played at the Junior High, tourney director Lea Bernhardt announced last night.

Ed Melvin Out At Bonaventure

OLEAN, N. Y., March 30 (AP) — St. Bonaventure university announced tonight Ed Melvin was through as head basketball coach.

The Rev. Silas Rooney, OFM, athletic director said in a statement.

"St Bonaventure athletic authorities today announced termination of basketball coach Ed Melvin's contract. A successor will be named in the near future."

Patty Berg Cops Orleans Open

NEW ORLEANS, March 30 (AP) — Defending champion Patty Berg won the \$3500 New Orleans Women's Open golf tournament today with a final round one under par 76.

Score by 36 holes: Berg, 72, 74, 73, 71, 280; second, 29, 27, 28, 26, 110; Zezas, 32, 30, 31, 31, 124.

Perry's Scoring, Rebounding and Defensive Play Had been one of the highlights in the Zebras' 10-0 win over Vasey's in the first round.

Coatesville, which shellacked the Coffee Cup, 72-59, continued with its dazzling display of teamwork throughout, putting five men in double figures and taking advantage of the relaxed Zebras' assortment of defenses to ditch 41 field goals on a good percentage of their shots.

Ronnie Brown and Herk Rubin came were the early hotshots for Marty's, bagging eight points each in the victors' opening period spurt that supplied them with a 23-15 advantage after eight minutes.

Fran Jaros contributed seven counts in the second frame to pace the scoring for Coatesville as it ran off to a 41-21 intermission count.

Anderson, who locked with Brown for game honors with 19 points each, came into his own in the third stanza, stinging the nets from afar three times, while O'Leary and Sam Arbuckle each contributed a trio of buckets while the team hung up 29 markers as a whole to assume a 73-35 three-quarter mark bulk.

Ricketts counted four fielders in the final canto to lead the Zebras to a 19 point output, but with Anderson dunking a pair of sets, a driver and a foul, Marty's outscored them by one point, garnering 20 over that duration.

KRICZY, who netted both his team's d-e-u-c-e-s in the scrappy third period, pocketed four more markers in the final period himself while Howie Bedell added a brace of fielders and a foul to three second chukker baskets and a single goal in the opening quarter. Bedell ended with 13 markers and was his team's next best rebounder after Ricketts.

Jaros and O'Leary evenly divided 26 for Marty's followed by Rubincam's dozen markers—10 of which came in the first nine minutes.

Seven of the winners' squad tallied more than six points and all but one of the nine players scored at least one fielder.

All seven of the Zebras tallied, but there was just no edge to their play and the Coates cut them down handily.

Marty's now plays the winner of tonight's 7:30 p. m. Blocks-Mirabile game tomorrow evening in the second game of the semifinal doubleheader at the Junior High school.

THE SCORE was 87-75. Jesse's in front when Anderson, the Philies' bonus player fouled out. That left the Chester county team with out a reserve.

Seconds later Munch was charged with his fifth personal, and his team carried on for the final five minutes with only four players.

His second short pusher gave Jesse's a 21-20 lead at the end of the quarter after the score had been knotted six times.

THE SECOND period scoring pace was somewhat slower as Jesse's was halted with only four baskets. Munch added three more to his first quarter total of five, and Dick Suter flipped in a pair.

By halftime, the Raiders were on top, 37-33.

As he had done in the previous two quarters, Munch opened the third with a jump shot. Although Earl Shrack came on with a set shot for Jesse's, West Chester moved into a 42-35 lead on foul shots by Blessing and Suter.

At this point, May and Munch traded jumping fielders, and then May started eating away (Continued on Page Thirteen)

Dodging for a Run

Wayne Seely, Spring City, makes an unsuccessful lunge at Pottstown's Dave Ricketts, as the Trojan captain nips home plate for the first run in yesterday's 11-0 victory for PHS. The play developed when Ricketts was on third base and Seely made a poor return to his pitcher, Ron Boettger. The recovery was made and the throw back to Seely was too late to catch Ricketts.

Trojans Win Diamond Opener, 11-0, Against Spring City; Kriczky Hurls 3-Hitter as Streak Extended to 28 in Row

History failed to repeat itself yesterday afternoon as Pottstown High beat Spring City, 11-0. For five and a half innings, however, the Trojans' 27-game undefeated streak was hiding behind a thin one run veil at Franklin field. Then in the bottom of the sixth, 10 Blue and White runs poured across the plate.

The Chester county Pirates were the last crew to scuttle Pottstown high in the opening game of 1951. Southpaw Ron Boettger was keeping the Trojan bats fairly silent and it appeared if the Bucs would get a break they were in position to put an end to the three-year streak.

But Mike Kriczky was not in the mind to allow SC to pull an upset. The PHS Senior who spun three no-hitters last season, always had that extra something in the clutch to notch his first shutout of the year.

While he was breezing the ball past 11 strikeout victims, his Trojan buddies were putting the cold wood on Boettger's offerings for 13 safeties. Eight of these base knocks came in the big sixth when 15 home team players took a turn at bat.

Before the big explosion, Boettger was holding his own, allowing only five hits and one run.

DAVE RICKETTS scored the winning marker in the third inning. He bounced a hard double past first baseman Kent Addis and then moved to third on Kriczky's fly to right field. Pirate catcher Wayne Seely made a poor return of a pitched ball to Boettger and Ricketts tore home before the recovery.

Although Kriczky was recording a sizeable quantity of

weather grew colder. A stiff wind blew into the batters' faces all through the game and unless the ball was hit solidly, the men at the plate came away rubbing their hands.

LANGLOIS SCORES DECISION OVER JIMMY BEAU

BROOKLYN, March 30 (AP) — Pierre Langlois of France, the world's fourth ranking middleweight, scored a unanimous 10 round decision over Jimmy Beau of New Canaan, Conn., in a televised fight at Eastern Parkway Arena tonight. Langlois, a 125-3 range attack and beat a steady tattoo on Beau's midsection. In the sixth, Langlois' best round, the Frenchman opened up with a two-fisted attack to the head and forced Beau across the ring with combination punches.

There were no knockdowns, although Beau slipped to the canvas in the 10th.

Judge Charlie Shortell scored the bout 7-3 for Langlois. Judge Artie Aidala saw it 5-5 but gave the Frenchman an 8-7 edge in points while referee George Walsh scored it 5-4-1 for Langlois.

BEAU, making his first start in almost six months, opened very fast but wore himself to a dead stop by the end of the third. In the second he opened a cut over Langlois' left eye and the Frenchman bled from the eye and from his nose in the second and third. The eye bled again in the last round.

Beau staggered Langlois with a right to the head in the second but wasn't able to follow up.

Langlois is unbeaten since moving up to the middleweight ranks in January.

A crowd of 1255 paid \$2480 to watch the boat, which was telecast in some sections of the country.

Solid Infield Bolsters Fales' Hopes At West Pottsgrove; Outfield Bare

West Pottsgrove will likely have itself a real chummy inner circle this season, but once you get outside that first line of defense, look out!

The problem, it seems, in the Falcon camp at the moment is assembling an outfield. Coach Bill Keays has started putting the pieces together in his club's early drills, but the form taking shape appears awfully crude in comparison with the inner cordon composed almost exclusively of lefters.

Dick Geisler, Ledy Gaugler and Dale Neiman form a short-third-second triumvirate that will be venturing into its second Perkinson-Schuykill tour as a unit. And the present situation calls for Junior Sam Daub, a better of note who spent a year in the garden in '51, to don backstop gear to lend even more snap to the infield corps.

First base is a wide open slot now that Gib Nore has passed out of school, but the best bet of the lot right now looks like Soph. Al Dori. Southpaw Al, however, is an accomplished moundsman even at his age and also looms as the No. 1 man on the Fale hill staff. That brings in the question of who's on first when Dori is twirling.

Junior Dick Levensgood, who teams with Dori to compose the squad's entire left-handed batting sock, Senior Lloyd Carpenter and Dale Schneider, a 10th grade boy, are possibilities, with the elder Carpenter possibly the bet in this case.

Some more juggling might be evidenced in the infield should Keays press Geisler into pitching service. In that case, Gaugler might go to short with Freshman George Armstrong installed at third, Senior Dick Bechtel, a second sacker by trade, is another utility infielder who'll likely see his share of action.

Junior Leroy Carpenter, a rightie, backs Dori and Geisler on the hurling staff and stands to be the team's first relief choice.

The big gun on the mound for the Fales this year would probably have been lefty Len Almond, who quit school the past year as a Junior after downing runnerup Boyertown, 6-5, in one of the season's biggest surprises. He joined the Navy shortly thereafter.

KEAYS WOULD rather use Daub, "a very good stick man," in the pasture, but voiced doubts about the throwing ability of Junior Ted Fontana, the other mut candidate.

You'd got to have an arm around this league, or they'll steal you blind," ventured Bill, "and when Teddy draws that arm back..."

With Daub behind the bat the three outfield slots are left bare of '51 holdovers. Bill Hiltbeitel, Bob Keller and Gene Kulp all have taken up their diplomas along with backstop Filmo Sabo.

The leaders in the race to replace those departed flyhawks are currently Seniors Roger Reider and Dick Klick. The other spot was thought to be a toss up between Ron Matthews, another 12th grader, and Junior Paul Yarmush, who saw some service the past year.

Paul Fontana, who opened as a regular gardener in '51, is recuperating from a delicate knee operation at the present and won't be out at all this season.

Soph Bill Reagan, a teammate of Paul Fontana's and Dori's with the two-county champ USWA Jr. team the past summer, is another outfield prospect along with Ninth Grader Paul Urban, "a little fellow, but he's got that hustle and might come along."

REIDER STANDS just a little above Klick in the batting department and those two seem to have pretty well nabbed starting jobs, but "I guess I'll just have to keep on looking the way things shape up now," added Keays.

Geisler, Gaugler and Dori have been the main standouts in the early drills, although the entire squad has been together on only two occasions, owing to the annual Senior class trip to Washington over Tuesday, Wednesday and Thursday of the past week.

Shantz Goes Route 1st Time In Beating Cincinnati, 4-3

TAMPA, March 30 (P)—Little Bobby Shantz, back up by three home runs, went the full nine innings for the first time this Spring today as he pitched the Philadelphia Athletics to a 4 to 3 victory over the Cincinnati Reds.

Home runs by Elmer Valo, Eddie Joost, and Cass Michaels, all off Redleg right hander Bubba Church, accounted for three of the A's runs. The Athletics bunched three hits off Eddie Erault in the ninth to add their final marker.

Two of the three runs yielded by Shantz were unearned. The little southpaw, the American League's Most Valuable Player last year, granted seven hits, four of them by Redleg catcher Hank Foles.

stantly allowed nine hits and walked six, but left 15 Cardinal runners stranded.

At the plate, the Phils gave big Jim 13-hit support, leveling off against starter Wilmer (Vinegar Bend) Mizell, Mike Clark and Jack Crimian. Del Ennis slugged a two-run homer for the Phils while Gran Hamner hit a triple and double and Smokey Burgess swung for two doubles.

Stan Musial doubled and singled for the Cards, who finished the Florida phase of their Spring training with an 8-14 record.

EL PASO, March 30 (P)—The Chicago White Sox scored seven runs, off their own Gene Bearden in the second inning today and went on for a 13-1 massacre of the El Paso Texans. Manager Paul Richards loaned El Paso a battery of Bearden and Sherm Lollar.

Saul Rozovin hurled seven innings for the Sox and yielded six hits. Coach Luman Harris then substituted to the mound and blanketed the Class C Texans without a hit for the last two frames.

ALBUQUERQUE, N. M., March 30 (P)—The Cleveland Indians walloped the New York Giants again today, 13-6, before a crowd of 7463, an attendance record for Albuquerque's Tingley field.

Baseball Is On the B-R-R Side

For the Tribe it was the fifth straight victory, while for Les Durocher's slumping Giants it was the sixth straight defeat.

He Boone had a perfect day, getting a single, double and walk in addition to two circuit blows.

MESA, March 30 (P)—Warren Hacker and Bob Schultz limited the St. Louis Browns to six hits today as the Chicago Cubs rapped out a 5-3 victory.

All six blows, including a home run by Jim Dyck, were collected by the Browns off Hacker in the first seven innings. Bob Schultz retired St. Louis in order in the last two.

SARASOTA, Fla., March 30 (P)—The Brooklyn Dodgers registered their fifth shutout of the Spring as Billy Loes and Glenn Mickens blanked the Boston Red Sox, 5-0, today. Neither pitcher has allowed an earned run in 15 innings.

A crowd of 2911 saw Loes give up only three hits for six frames and Mickens yield one in the last three.

Ken Holcombe, the Boston starter, matched their whitewash jobs until the sixth when a walk to Junior Gilliam and a triple by Duke Snider accounted for the first Brooklyn run. Marvin Grissom, the second Red Sox pitcher, allowed four runs in two innings.

Stewart Tops Snead In Golf Playoff

GREENSBORO, N. C., March 30 (P)—Earl Stewart Jr., 31-year-old Dallas, Tex., redhead, won the Greensboro Open Golf tournament today with a par four on the 19th hole of a sudden death playoff with Sam Snead. The two had tied over 18 holes with two under par 68s. Doug Ford, Harrison, N. Y., and Art Wall Jr., Potomac Manor, Pa., who tied with Stewart and Snead at 72 for 72 holes, dropped out after 18 today. Ford scored even par 70 and Wall 72.

Stewart, National Intercollegiate champion 12 years ago while attending Louisiana State university, had never won a major tournament in his three previous years of circuit competition.

Stewart had turned in 31, one underpar for the 6729-yard Sedgefield club course. That left him a stroke ahead of Ford, with whom he had swapped putters a week ago, and two up on both Snead and Wall. Snead had to birdie the ninth by chipping in to get that close.

SNEAD, THE White Sulphur Springs, W. Va., star who has won four Greensboro tournaments, dropped a 10-footer on the par three 12th to pick up a stroke and on the par four 13th he took the lead for the first time. He dropped a 20-footer for a birdie while Stewart took a five to drop a stroke back into a tie with Ford who chipped in from 40 feet and sent the gallery wild with his ensuing headstand. He'd had to put a wood shot through a cluster of trees to approach the green.

Stewart's birdie on the short 16th where he put his tee shot three feet from the pin tied him with Snead. They each parred the 17th and birdied the long 18th to go into sudden death as Ford and Wall dropped out of it.

On the 19th Snead's second was over the green while Stewart was tacking two feet from the pin with his Sam chipped back seven feet from the cup and rimmed the hole with his bid for a par four. Snead only two putts from four feet to win, Stewart played it safe to get his winning par.

King of the Carps

Henry Angstadt, Douglassville RD 1, holds a 31-inch carp he caught the past weekend in Broad river near Laurel, Del. The prize catch weighed more than 13 pounds. With Angstadt at the time were Sylvester Pepper and Charles Haas, both of Douglassville RD 1.

LAKELAND, Fla., March 30 (P)—Four homers, including a grand slam by Owen Friend, drove in all the Detroit runs as the Tigers whipped the New York Yankees, 5-5, today. Matt Ratts, Walt Drope and Frank Carswell were the other Tiger home run hitters.

Ray Scarborough, veteran right hander, took most of the pounding in a six-inning stint. He yielded a two-run blast to Batts in the second. Drope's solo swat in the third and Friend's jackpot in the fourth. Reliever Bob Kuzava was on the mound in the seventh when Carswell, a 33-year-old rookie, homered with a runner aboard.

ST. PETERSBURG, Fla., March 30 (P)—Crafty Jim Konstanty, the veteran relief pitcher the Philadelphia Phillies hope to make a regular starter, eased through nine innings on the mound today to defeat the St. Louis Cardinals, 7-1.

The 36-year-old right hander, going the limit a second time this Spring, ran his string of scoreless innings to 19 before giving up the lone St. Louis run in the ninth. Kon-

Turpin, Humez to Fight for "Title?"

LONDON, March 30 (P)—British promoter Jack Solomons today announced the signing of England's Randy Turpin and France's Charles Humez for a "world" middleweight title fight in London, June 9 but he received no support from American boxing commissions.

"European title yes, world title no," said Bob Christenberry, chairman of the New York State Athletic commission who also heads a joint board made up of himself and two NBA officials, George Barton and Abe J. Greene. Both Barton and Greene made similar statements.

Solomons, as a matter of fact, hasn't yet received approval of the White City stadium 15-rounders as a "world" title bout from the British Boxing Board of Control.

E. J. (Tex) Walsham, secretary of the BBBC, said Solomons' application for the fight had been received. He said the board would decide at a meeting soon whether Brown's two night dates at Yankee Stadium for this season. The title fight, J. Onslow Fane, chairman of the BBBC, was not available.

Northwestern Votes Against Pact

EVANSTON, Ill., March 30 (P)—past but have not yet announced Northwestern's faculty athletic official stand.

committee has voted unanimously against renewal of the big-Ten-Pacific Coast Rose Bowl pact, faculty representative F. George Seiberger announced today.

Northwestern thus voted against resumption of the current Rose Bowl football series that expires with the 1954 New Year's Day game. It is the fifth Big Ten school to make official announcement of its stand.

It joins Minnesota, Wisconsin and Michigan State against con- vention of the pact. Ohio State has already voted in the affirmative. Sam chipped back seven feet from the cup and rimmed the hole with his bid for a par four. Snead only two putts from four feet to win, Stewart played it safe to get his winning par.

Reds' Bob Marquis Signed With Yanks On Reputation as a Softball Player

TAMPA, Fla., March 26—You first entered his teens. might say that Robert Rudolph Marquis Jr., outfield candidate in high school ball in Lubbock, at the Cincinnati Reds' camp, is a very unusual ball to live in the town for at least a year and his family moved there when he was in his Senior year in school.

The center fielder, who is expected to win a starting berth with Rogers Hornsby's Redlegs this year, was signed to a professional contract with the Yankees without anyone connected with the club looking at him.

Unusual? Yep, but also consider this. Marquis was playing softball at the time. And that isn't all—he did not play baseball in high school or the one year he attended Texas Tech college in his home town of Lubbock, Tex.

Because Bob was so light and sickly in school he played little in the way of sports, although he had played some Legion baseball with kids his own age and size when he

Wilson allowed nine hits in going the distance while his mates, led by Billy Bruton's triple and pair of singles and Joe Adcock's two-run home run, collected 15 hits off three Toledo hurlers. Both infielders played sparkling defensive ball, Toledo coming up with four double plays and the Braves with three.

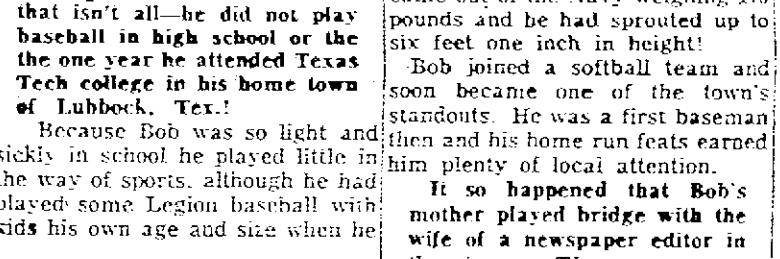

PITTSBURGH, March 30 (P)—Ron Necciai, 6-foot 5 Pittsburgh Pirate pitcher discharged by the Army because of stomach ulcers, is gaining back his lost weight and may be ready to start training with the Bucs when they return home the second week in April.

"He's not as nervous as he was and his weight is now up to about 185," said Dr. Joseph Finegold, the club physician. Necciai had dropped from 196 to 170 during his 65 days in the Army.

Two Dates

ST. PETERSBURG, Fla., March 30 (P)—The New York Yankees re- leased today and gave the St. Louis Browns two night dates at Yankee Stadium for this season. The title fight, J. Onslow Fane, chairman of the BBBC, was not available.

at the Raiders' head. He twisted out of the pivot for a deuce, and then scored two more buckets on rebound shots.

In the midst of May's gunnery, Coughlin helped out with a charity throw and the score was all even at 44. From this point on until the end of the quarter when Jesse's led, 56-54, the lead never was bigger than two points for either team.

Anderson's hook shot follow

ing a foul loss by May narrowed the gap to one point at the open- ings of the fourth. Blessing and hit that apple. That was in 1947. Gillingier exchanged driving shots. Bob went to Spring training with that was his team's undoing. May, who had scored 14 points in the third period, ran off another Quincey in the Three-I league in string of three fielders to hoist his club into a 77-64 lead. He then fouled out.

BOB GOT his biggest thrill last Autumn when he pinch-hit a single with a 3-2 count to score two runs and win the game for Kansas City in the American association play-offs.

He says Hornsby, the old master, helped him most of all. Rogers was his boss at Beaumont. Married. Bob works for his father-in-law in the oil field-trucking business during the winter months.

TRY AND STOP ME

By BENNETT CERF

THE LINCOLN (NEB.) STAR recorded this concerning a local appearance by the superlative songstress, Marian Anderson. The young lady behind the desk at Miss Anderson's hotel handed her the key to her room after the concert, and remarked, "I'd have given the world to hear you sing tonight, Miss Anderson—but I had to work." Thereupon Miss Anderson sent her and a group in the lobby into ecstasies by singing, unaccompanied, the "Ave Maria."

A psychiatrist (one of those fellows raised on Freud chicken) received a postcard from a vacationing patient that read: "Having wonderful time. Wish you were here—so you could tell me why."

Comic Joe E. Lewis once said: "My pianist has been working for me over fifteen years and I never knew he drank until he came in sober one night!"

Officers Are Elected By Builders' Group

New officers and directors were elected by the Building Industries Exchange at last night's dinner meeting in Lakeside inn.

Tilghman K. Hausman was elected president; David G. Welsh, vice president; Gerald Richards, secretary, and Thomas W. Kressley, treasurer.

Twelve members of the board are: Joseph Perini, Edmund K. Lindemuth, Thomas A. McCaslin, James C. Wilke, William A. Griffith, Allen K. Davidbeiser, W. S. Antrim, Charles Palladino, Carl M. Binder, William H. Fasnacht, David Martin and K. B. Hunter.

Anthony Veach was chairman of the nominations committee.

After the balloting, Exchange members heard a report of their Home Show's success the past week.

They were reminded that 70,000 persons visited the week long event in Sunnybrook ballroom.

St. Aloysius to Hold Holy Thursday Vigil

More than 100 men of St. Aloysius church are expected to take part in an all-night vigil at the church on the evening of Holy Thursday and the morning of Good Friday.

The Rev. William M. Begley, pastor, said yesterday the men will start their watch as a Guard of Honor after a holy hour Thursday night at 8 o'clock.

"The vigil will continue through the night until the 8 a. m. Mass of the Pre-Sanctified," the Rev. Begley said.

Each man who volunteers to take part in the vigil will watch for one hour. Special prayers for the Holy Hours will be given each man to say.

The men will keep the watch four at a time, during the 12 hours.

"But we usually have more than four. In all, there'll be more than 100 observing the ceremony," Father Begley said.

The Thought For This, Our Holy Week
JESUS SAID:
(I am the Resurrection and the Life)
Our Heavenly Father, Thou art never afar off from any of us at any time. Help us to recognize Thee, to rely upon Thee through faith. Teach us to bring to Thee our fears, trials, and weaknesses. We know Thou canst help us. We believe Thou wilt help us, for we have called upon Thee in times past and Thou hast upheld us. In Christ's name. Amen.
